

Directions for Robert:

Robert looks a little strange without his left arm. It will be added after the quilt top is assembled.

1. Make the attic window block.
2. Prepare all appliques. Make 1 arm #4 in reverse for applique #19.
3. Position and fuse in place appliques #1 - #18. Edge stitch.
4. Piece #19 is added after the quilt top is sewed together. Set aside until then.
